**Preferred date:**

**Quote Required:**

**Onsite:**

**Lab:**

Please note: Onsite bookings are subject to availability  
Onsite visits incur travel fees and costs

Completed form must be emailed to [service@diatec.com.au](mailto:service@diatec.com.au)

Booking is only complete once a confirmation is sent back to you. Any equipment received without prior booking will be scheduled into the next available timeslot. Bookings are based on above listed equipment only, anything in addition to this will be subject to delays. Calibration turnaround time is 5 working days from arrival date, excluding delivery. Repair turnaround times are all subject to individual assessment. Diatec does not take responsibility for delays in courier times to and from our offices, please ensure equipment is sent with your courier delivery times in mind. Equipment not received on booked date will be allocated to the next available timeslot. Please place a copy of this form with your equipment.
